

nection with its facilities which are subject to regulation, supervision and control, in order to safeguard life, health and property by a state or federal regulatory commission having jurisdiction so long as such person is thus actually and exclusively employed and no longer.

(e) *The work or practice of engineering by officers or employees of corporations (1) engaged in research and development engineering performed under contract directly with the United States Government, or any department or agency thereof, or (2) engaged in manufacturing, or in industrial processes, or in industrial engineering, or in the maintenance and repair of structures or equipment used in such manufacturing or industrial processes, in the plants owned or leased by such corporations or organizations.* THE WORK OR PRACTICE OF ENGINEERING BY OFFICERS OR EMPLOYEES OF CORPORATIONS (1) ENGAGED IN RESEARCH AND DEVELOPMENT ENGINEERING PERFORMED FOR THE UNITED STATES GOVERNMENT, OR ANY DEPARTMENT OR AGENCY THEREOF, OR (2) ENGAGED IN MANUFACTURING, OR IN INDUSTRIAL PROCESSES, OR IN INDUSTRIAL ENGINEERING, OR IN THE MAINTENANCE AND REPAIR OF STRUCTURES OR EQUIPMENT USED IN SUCH MANUFACTURING OR INDUSTRIAL PROCESSES, PROVIDED SUCH WORK OR PRACTICE OR ENGINEERING IS IN CONNECTION WITH OR INCIDENTAL TO PRODUCTS OR SYSTEMS OF SUCH CORPORATIONS OR ITS SUBSIDIARIES OR AFFILIATES.

(f) *The use of the term "engineer" in connection with any practice specified in subsections (c), (d), and (e) hereof.*

21.

(a) *The practice of or offer to practice engineering or land surveying for others as defined in Section 2 by individual engineers or land surveyors registered under this article through a corporation as officers, employees or agents, or through a partnership as partners, officers, employees or agents, or the offering or rendering of engineering and land surveying services by a corporation or partnership through individual engineers or land surveyors registered under this article is permitted, subject to the provisions of this article; provided that (1) one or more of the corporate officers in the case of a corporation, or one or more of the partners in the case of a partnership, is designated as being responsible for the engineering or land surveying activities and engineering or land surveying decisions of said corporation or partnership and is a professional engineer or professional land surveyor under this article; (2) all personnel of said corporation or partnership who act in its behalf as professional engineers or professional land surveyors are registered under this article, or are persons lawfully practicing under Section 17; and (3) said corporation or partnership has been issued a certificate of authorization by the Board, as hereinafter provided. The requirements of this article shall not prevent a corporation and its employees from performing engineering or land surveying services for said corporation or subsidiary or affiliated corporations. All final drawings, specifications, plans, reports or other papers or documents involving the practice of engineering or land surveying as defined in this article when issued, or filed for public record, shall be dated, and*
