

SECTION 1. *Be it enacted by the General Assembly of Maryland, That Section 83-96 of the Code of Public Local Laws of Prince George's County (1963 Edition), being Article 17 of the Code of Public Local Laws of Maryland, and Section 71-45 of the Montgomery County Code (1965 Edition), being Article 16 of the Public Local Laws of Maryland, both subtitled "Washington Suburban Sanitary District," as the same were last repealed and re-enacted, with amendments, by Chapter 637 of the Acts of 1966, be and they are hereby repealed and re-enacted, with amendments, to read as follows:*

83-96. [(73-78)] (71-45). Five year programs of major water and sewer extensions.

(a) Adoption. The Commission is hereby directed to adopt on or before October 1, 1967, five-year projected programs of major extensions of sanitary sewer and water facilities *which it contemplates may be made in the following five fiscal year period* in the Sanitary District and in such other areas within Montgomery and Prince George's County as the Commission may deem appropriate for inclusion within the Sanitary District within [the next five years] *that period*, and to revise and bring the programs up to date on or before every first day of October thereafter by [the addition thereto of additional projects to be added to such extension programs, and such] *providing for a similar five fiscal year period. The programs and annual revisions thereof shall set forth the fiscal year in which the Commission contemplates the construction and estimated cost of each project included therein. Said* , and the Commission shall thereafter adhere to and follow such programs for the extension of its facilities and shall not construct any project prior to the fiscal year in which it is scheduled in said program until and unless [said Commission] the County Commissioners for Prince George's County, if the project is to be constructed in Prince George's County, or the County Council for Montgomery County if the project is to be constructed in that county, by resolution shall determine and declare that for the immediate preservation of the public health and safety, it is necessary to change the order of priority and to direct the extension of such facilities without regard to the order of priority previously established, and except as otherwise required by this section. *The programs to be adopted on or before October 1, 1967, and each annual revision thereafter, shall be prepared, submitted and adopted as hereinafter specified. As used herein, the term "five year programs" or "five year program" includes the annual revisions, unless the content otherwise indicates.*

(b) Content of Program. [In Montgomery County the proposed programs] *Each five year water and sewerage program shall [contain] show the addition [,] of new projects and the deletion, modification, or rescheduling of previously approved projects [and such programs, including the annual revisions thereof, shall set forth] with the following information concerning each [proposed] such project: (1) the estimated maximum diameter, length, and location of water and sewer lines; (2) the capacity, and approximate location, of pumping stations; (3) the maximum population which could be served by each sewer construction item as it is proposed to be designed; (4) the maximum area limits which could be served by gravity systems for each sewerage system construction item and the area which each such item is designed to serve, such areas to be set*
