

may only contain the name, title, specialty, telephone number, office hours and new address and old address.

(c) Each physician or surgeon may exhibit on the door or wall of the building wherein he practices not more than two signs on which may be placed the name and title or degree of such person, and his specialty, the letters of which shall not exceed three inches square. In addition he may exhibit such sign on the door of his office in addition to those on the door or wall of such building.

(d) *In all professional uses of his name, one licensed under this act who holds the degree of doctor of osteopathy, shall designate his school of practice by "D.O.," "osteopathic physician and surgeon," or some similar term.*

149.

(a) Written or telegraphic consent for a doctor of medicine or doctor of osteopathy to conduct a post-mortem examination of the body of a deceased person shall be deemed sufficient when given by whichever one of the following assumes custody of the body for purposes of burial: Father, mother, husband, wife, child, guardian, next of kin, or in absence of any of the foregoing, a person who assumes duty of legal disposal of the body. If two or more of such persons assume custody of the body, consent of one of them shall be deemed sufficient.

(b) Any person who is twenty-one (21) years of age or older and of sound mind may execute an instrument in writing as provided in subsection (e) herein, duly notarized, which provides for the post-mortem examination of his body or the removal of tissue or organs of his body for transplantation to the body of a living person by a doctor of medicine or doctor of osteopathy within the definition set out by subsection (c) herein. This instrument shall be sufficient authority, when presented to said doctor of medicine or doctor of osteopathy to authorize the post-mortem examination of the body or the removal of tissue or organs from the body of the person executing the instrument. The disposition of said body or portion thereof may be made only for the purpose of advancement of medical science or for the replacement or rehabilitation of the tissues or organs of another person. Any authorization or instrument executed under the terms or provisions of this section shall be null and void if obtained for a monetary consideration.

(c) A doctor of medicine or doctor of osteopathy authorized by this section shall be a duly licensed doctor of medicine or doctor of osteopathy associated with or authorized by a "hospital" or "person" as defined by Section 556 of Article 43 and licensed by the State Board of Health or authorized to act by a federal, State, county, or Baltimore City agency.

(e) The instrument authorizing post-mortem examination and study or the removal of tissue or organs shall conform substantially to the following forms:
