

VETOED BILLS

May 4, 1967.

Honorable William S. James
President of the Senate
State House
Annapolis, Maryland

Dear Mr. President:

In accordance with Section 17 of Article 11 of the Maryland Constitution, I have vetoed today Senate Bill 236 and am returning it to you.

This bill would require the appointment of the County Board of Education of Baltimore County on the basis of residence by senatorial subdistrict.

The geographical area from which members of the Board may be selected should be co-extensive with the area served by the Board. To restrict to a substantially smaller area the selection of each member might deprive the Board of the services of highly qualified persons in the County who would not meet the restrictive subdistrict residence requirements.

Moreover, the required selection of Board members by subdistrict might well tend to encourage attitudes and actions under which emphasis is given to the various subdistricts rather than to the welfare of the County as a whole.

It should be noted, however, that members of the Board historically have been selected largely from various subdistricts. The difference is that subdistrict residence is only one factor to be considered in the selection of well qualified members. Under this bill, it would become an invariable limitation.

For these reasons, and because this measure might encourage similar action by other counties tending toward an undesirable State-wide condition, I am compelled to veto the bill.

Sincerely yours,

(s) SPIRO T. AGNEW,

Governor.

Senate Bill No. 236—By Senator Staten.

AN ACT to add new Section 17D to Article 77 of the Annotated Code of Maryland (1965 Replacement Volume and 1966 Supplement), title "Public Education", subtitle "Chapter 2. Formation of Boards", to follow immediately after Section 17C thereof, providing certain residential requirements for the members of the County Board of Education in Baltimore County and making provision also for the gradual implementation of the provisions of this Act.

Shall the bill pass notwithstanding the objections of the Executive?
