Total—20

The Speaker announced the veto was not sustained.

May 4, 1967.

Honorable William S. James  
President of the Senate  
State House  
Annapolis, Maryland

Dear Mr. President:

In accordance with Section 17 of Article II of the Maryland Constitution, I have vetoed today Senate Bill 435 and am returning it to you.

This bill would extend to graduates of dental schools in former territories or possessions of the United States the right to apply for examination by the Maryland Board of Dental Examiners to practice dentistry. In practical effect, the only jurisdiction affected is the Philippine Islands.

The Board of Dental Examiners, The American Dental Association and other professional groups have urged me to veto the measure, pointing out that no other state in the Nation accepts for examination graduates of dental schools outside of the United States and Canada; that the bill would give a professionally unmerited preference to Philippine-trained dentists over other foreign-trained dentists; and finally, that to permit persons to practice dentistry without further training following graduation from a school over which the American Dental Association exercises no control or persuasion from the standpoint of curriculum would inevitably lower the standards of dentistry to which the citizens of Maryland are entitled.

For these reasons, I am compelled to veto the bill.

Sincerely yours,

(s) SPIRO T. AGNEW,

Governor.
