

Senate Bill No. 435—By Senator McGuirk:

AN ACT to repeal and re-enact, with amendments, Section 5 (a) of Article 32 of the Annotated Code of Maryland (1966 Supplement), title "Dentistry", subtitle "In General", to change the requirements possessed by persons with dental degrees who may apply to the Board of Dental Examiners for examination by the Board to practice dentistry in the State.

Shall the bill pass notwithstanding the objections of the Executive?

The roll was called resulting as follows:

Total—50

The Speaker announced the veto was sustained.

May 4, 1967.

Honorable William S. James
President of the Senate
State House
Annapolis, Maryland 21404

Dear Mr. President:

In accordance with Section 17, Article II, of the Maryland Constitution, I have vetoed today Senate Bill 482 and am returning it to you.

This bill would authorize additional State debt in the amount of \$20 million to aid in the construction and modernization of voluntary non-profit hospitals. The bill supplements a previous authorization of \$50 million passed in 1964.

Although there is no question about the desirability of better hospital facilities and services for Maryland citizens, there must be a recognition that the implementation of such needs must be fiscally sound. Bond authorizations approved by the 1967 General Assembly totaled \$284,046,700. Most of them were essential to provide necessary State services. Although this bill involves a comparatively small part of the total amount, it has some characteristics that distinguish it from most of the other authorizations.

First, it would supplement a prior very substantial authorization of \$50 million, certainly a heavy present investment in hospital expansion.
