12. (a)

(3) A specific record of at least twelve years of lawful practice in engineering work of a character satisfactory to the Board and indicating that the applicant may be competent to practice engineering; provided, however, that the evidence of such practice presented by the applicant is satisfactory to the Board, and that the applicant successfully completes an eight-hour written examination in the principles and practice of [engineerings] *engineering*. Where the evidence presented in and with the application does not appear to the Board to warrant the admission to the examination, the applicant may be required to present further evidence for the consideration of the Board. The Board may, at its discretion, waive the examination if, in its judgment, the applicant is generally recognized within the field of engineering as being outstanding.

19.

(b) The work of an employee or a subordinate of a person holding a certificate of registration under this article, or an employee of a person practicing lawfully under this section; provided such work is done under the direct responsibility and supervision of a person holding a certificate of registration under this article [of] *or* a person practicing lawfully under this section; or

SEC. 2. *And be it further enacted, That this Act shall take effect July 1, 1968.*

Approved April 10, 1968.
