CHAPTER 206

(House Bill 226)

AN ACT to add new Section 31A to Article 43 of the Annotated Code of Maryland (1965 Replacement Volume), title "Health," subtitle "Miscellaneous Provisions," to follow immediately after Section 31 thereof, to provide for the reporting of certain communicable diseases to the Commissioner of the State Department of Health, to provide the contents and manner of such reports, and to classify such reports as confidential and not open to public inspection.

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That new Section 31A be and it is hereby added to Article 43 of the Annotated Code of Maryland (1965 Replacement Volume), title "Health," subtitle "Miscellaneous Provisions," to follow immediately after Section 31 thereof, and to read as follows:

31A.

*(a) It shall be the duty of any person who is in charge of any clinical laboratory, public or private, hospital or institutional in which a laboratory examination of any specimen derived from a human body yields microscopical, cultural, immunological, serological or other evidence indicative of gonorrhoea, syphilis or tuberculosis to notify within 48 hours the Commissioner of the State Department of Health, of such findings. This requirement does not apply to specimens examined for tuberculosis that are derived from reported cases under treatment in a licensed tuberculosis hospital.*
