

(e) *The members of the Board shall receive no compensation for their services as members but shall be repaid for actual expenses incurred in the performance of their duties under this subtitle.*

(f) *The Governor shall designate the chairman, the Vice-Chairman, and the Secretary of the Board.*

(g) *The Secretary need not be a member of the Board and shall serve without compensation, but he shall be paid for actual expenses incurred in the performance of his duties under this subtitle. The Board shall meet at such places as specified by call of the Chairman or the Governor.*

(h) *This section is a part of the Comprehensive Water Pollution Control Program.*

719.

~~In conjunction with~~ AS A PART OF the Comprehensive Water Pollution Control Program, the State Health Department and the Department of Water Resources shall submit a joint report to the Governor and to the General Assembly by not later than June 1, 1969, on the water quality monitoring, data processing, and laboratory services needed to meet the water pollution control and abatement needs of the State. The report shall include proposals and recommendations for legislative and administrative action in the field of water pollution control.

720.

~~In conjunction with~~ AS A PART OF the Comprehensive Water Pollution Control Program, the State Department of Health shall recommend policy and regulations for the design of sewage collection and transmission facilities so as to eliminate or reduce water pollution caused by failure of such facilities to convey all sewage to treatment plants. The Department shall give due consideration to such factors as overflows from pumping stations, joint materials and techniques, hydraulic design, and protection against vandalism. The recommendations of the Department shall be submitted in a report to all concerned agencies and interests for comment. The report and comments shall be submitted to the Governor and to the General Assembly no later than June 1, 1969. The report shall include proposals and recommendations for legislative and administrative action to improve and implement the requirements of this section.

721.

~~In conjunction with~~ AS A PART OF the Comprehensive Water Pollution Control Program, the State Department of Health shall prepare a report recommending policies and regulations controlling the disposal of wastes from marinas and watercraft. These recommendations shall be developed in cooperation with the Department of Water Resources, the Department of Chesapeake Bay Affairs, and with such other interested agencies and groups as may be deemed appropriate by the State Department of Health. The report and pertinent comments shall be submitted to the Governor and to the General Assembly no later than June 1, 1969. The report shall include proposals and recommendations for legislative and administrative action to improve and implement the requirements of this section.
