So the bill was passed and sent to the senate.

Mr. Gaither from the committee on corporations reported a bill, entitled an act to incorporate the Annapolis and Chesapeake Steam Navigation Company;

Which was read the first time, and ordered to lie on the table.

Mr. Tuck, chairman of the committee on grievances and courts of justice, delivered the following report:

The committee on grievances and courts of justice, to whom were referred the petitions from citizens of Baltimore county, praying that the law may be so altered as to authorise the election of judges of election and constables by the people, have had the same under consideration, and report, that the grievance complained of, appears to relate to Baltimore county alone; and as no general recommendation on the subject is before the committee, from other portions of the state, we respectfully ask to be discharged from the further consideration of the subject, and that the petitions be referred to a select committee from that county.

Respectfully submitted,

Will. H. Tuck.

Which was read the first and by a special order the second time, and concurred in.

On motion of Mr. Tuck,

The house took up for consideration the bill from the senate, entitled a supplement to the act, entitled an act to incorporate the Mining and Manufacturing Company of Hibernia;

The said bill was then read the second time.

Mr. Le Grand moved to strike out the 3d section of the bill.

Mr. Hooper called for the previous question, that is, shall the main question be now put?

Resolved in the affirmative.
