

It shall be unlawful for anyone to break a seal applied by an inspector to a pump or meter without first securing consent of the Comptroller of the Treasury, which consent may be given through one of the duly authorized inspectors.

(b) The Comptroller of the Treasury is authorized to calibrate any truck, tank wagon, tractor trailer, motor vessel, barge, tank, barrel, can or other container with or without metering devices used for marketing gasoline and special fuels at wholesale or retail.

(c) Whenever the Comptroller of the Treasury shall find any person willfully marketing gasoline and special fuel products in this State which are regulated by this Article and which do not comply with the prescribed minimum meter, pump and tank calibration tolerances therefore or otherwise willfully marketing petroleum products in violation of this Article and rules and regulations promulgated pursuant hereto, he shall direct them to cease such violation. If, after such direction the violation continues, the Comptroller shall refer the matter to the Attorney General who shall be authorized to apply to the circuit court having jurisdiction over the offenders for an injunction against the continuance of any such violations. The appropriate circuit court shall have jurisdiction, upon hearing and for cause shown, to grant such temporary or permanent injunction restraining further violations as the circumstances appear to require.

157J. Advertising Price of Gasoline and Special Fuels.

Any person selling at retail gasoline or special fuels as defined in this Act, shall at all times display signs as herein defined:

(a) All pumps and dispensing equipment for gasoline or special fuels shall be marked conspicuously to show the price per gallon of gasoline or special fuels offered for sale, inclusive of taxes, in figures of equal size and where fractional cents or figures are used therein, the combined height and width of the numerator and denominator shall be equal to the height and width of the other figures used.

(b) Any sign or placard or other means used on the premises of any retail outlet and the approaches thereto advertising the price of gasoline or special fuels for sale at retail for use in motor vehicles may contain a separate listing of the price and a separate listing of each tax thereon, but must contain a total of such price and taxes which shall be at least as large THE SAME SIZE as the listing of the price. Numbers used to advertise the total price of such gasoline or special fuels shall be of uniform size, and where fractions are used, the numerator and denominator thereof combined shall be of the same size as any whole numbers used. It shall not be necessary that a denominator be used to indicate fractions, but if one is not used, the numerator must be the same size of the whole number used.

157K. Rules and Regulations; Calibration of Pumps, Meters and Tanks.

The Comptroller of the Treasury is authorized and required to administer the provisions of this subtitle. For this purpose, he shall have the power to promulgate such rules and regulations as may be necessary for the enforcement of this subtitle. He shall establish by regulations minimum tolerances for the calibration of all pumps,
