

*the State Treasurer and credited to a special fund for payment of all authorized expenditures of the Board. At the close of the fiscal year, the Secretary shall submit a financial report to the State Comptroller and at that time any surplus funds shall revert to the State Treasury. The Secretary shall review and pay all necessary expenses of the Board and shall be bonded in accordance with Sections 46 through 50 of Article 78A of this Code.*

*(8) The Board may employ the employees necessary to carry out the provisions of this subtitle.*

*(9) The Board shall review every application for registration which is submitted with the prescribed fee, and may waive the written or oral examinations, or both, on any application received prior to July 1, 1970.*

727.

*A person may qualify for registration as a Registered Sanitarian in the following manners:*

*(1) Graduation from an accredited college or university with a baccalaureate degree in Environmental Science or Natural Sciences or completion of thirty (30) acceptable semester credit hours in Natural Sciences; and a minimum of four (4) years of satisfactory experience in the field of Environmental Sanitation. In computing years of experience the Board may give credit of not more than two (2) years for satisfactory graduate study in Environmental Science; and successful completion of a written examination in the basic sciences relating to environmental health and of an examination in the principles and practices of environmental sanitation. A person who has successfully completed the examination and is registered under this Subtitle as a Sanitarian-in-training shall be considered to have completed successfully the examination in the basic sciences required by this Section; or*

*(2) Graduation from an accredited college or university with a baccalaureate degree in some field other than Environmental Science or the Natural Sciences; plus a record of at least eight (8) years of experience satisfactory to the Board; and the successful completion of a written examination in the basic sciences relating to environmental health and an examination in the principles and practices of environmental sanitation. A person who has successfully completed the examination and is registered under this subtitle as a Sanitarian-in-training shall be considered to have completed successfully the examination in the basic sciences required by this Section; or*

*(3) A record of at least twelve (12) years' experience satisfactory to the Board and successful completion of an examination in the principles and practice of environmental sanitation. The Board may waive examination of applicants under this Section if it considers the applicant to be recognized as outstanding within the field of environmental sanitation.*
