

*other required information, include the name "Parevine" in a conspicuous manner and shall include a complete list of all ingredients in descending order of predominance including the type of food fat.* A MANNER PRESCRIBED BY THE STATE DEPARTMENT OF HEALTH, PROVIDED, HOWEVER, THAT THE TYPE OF FOOD FAT USED MUST BE SPECIFIED.

(II) ARTIFICIAL SWEETENER IS A PURE EDIBLE PRODUCT WHICH IS MADE SYNTHETICALLY AND HAS NO CALORIE VALUE. PROVIDED, THAT NOTHING CONTAINED IN THIS DEFINITION SHALL BE CONSTRUED AS BARRING ANY ARTIFICIAL SWEETENER OTHER THAN THOSE MENTIONED IN THIS LAW, WHICH HAS BEEN DEMONSTRATED TO BE EQUALLY AS EFFICIENT AND WHICH HAS BEEN APPROVED BY THE STATE BOARD OF HEALTH AND MENTAL HYGIENE. ~~SODIUM CYCLAMATE AND CALCIUM CYCLAMATE SHALL NOT BE AN INGREDIENT IN ANY ARTIFICIAL SWEETENER.~~

192.

[(e)] (ii) "Water ice or fruit ice" is a pure, clean, frozen product made from sugar, dextrose, corn syrup in dry or liquid form, water and harmless fruit or fruit juice flavoring and with or without harmless coloring, with not less than 0.35 of one per centum of fruit acid, as determined by titrating with standard alkali and expressed as lactic acid, and with or without added "stabilizer" or "emulsifier" composed of wholesome edible material. It shall contain no milk solids and weigh not less than five and one-half pounds per gallon.

192.

(f) (i) "Food Fats" for the purpose of this definition and standard are edible natural fats derived from vegetable sources. Such food fats may be hydrogenated or non-hydrogenated. Harmless optional ingredients as approved by the State Department of Health may be used to prevent fat oxidation in an amount not exceeding one-twentieth of one per centum of the weight of the finished product.

(ii) The term "dispensing freezer" means that type of equipment which freezes ice cream, sherbet, milk shakes or other frozen confections so they are served in a soft condition for sale to the consumer.

192.

[(f)] (iii) "Milk products" is any clean and wholesome milk cream and all forms of milk fat and any clean and wholesome milk solids not fat. This definition relates only to frozen products.

192.

(g) (iii) Microcrystalline cellulose may be used as an optional ingredient in ice cream, frozen custard, ice milk, artificially sweetened ice cream, artificially sweetened ice milk, mellorine and parevine as defined in this ~~Act~~, SUBTITLE, in an amount not to exceed one and one-half per centum by weight of the finished product. Microcrystalline cellulose may be used as an optional ingredient in sherbet, water ice or fruit ice as defined in this ~~Act~~, SUBTITLE, in an amount not to exceed one-half per centum of the weight of the finished product.
