

657.

(a) For the purpose of paying the interest and principal of the bonds issued in the name of a district by any said commission as in this subtitle provided for the water or sewerage systems to be constructed, purchased or established under this subtitle, the said commission is hereby empowered to establish a proper and reasonable charge, payable to such district, not less than the actual cost thereof, for connection with said water and sewerage system so to be constructed, purchased or established as aforesaid, and to fix an annual assessment, payable to such district on all properties, improved or unimproved, binding upon a street, road, lane, alley or right-of-way in which a water main or sewer has been built. The said annual assessment shall be made upon the front-foot basis, *or an alternate basis subject to uniform rules and regulations within the district approved by the district and the county commissioners*, and the first payment shall be collected during the year in which the construction is completed on the water or sewerage systems, or in which the systems are purchased or acquired. The said commission for the purpose of assessing benefits shall divide all properties binding upon a street, road, lane, alley or right-of-way, in which a water pipe or sanitary sewer is to be laid, into four classes, namely: Agricultural, small acreage, industrial or business, and subdivision property, and the commission may subdivide each of said classes in such manner as it may deem to be in the public interest.

SEC. 2. *And be it further enacted*, That this Act shall take effect July 1, 1969.

Approved April 23, 1969.
