

(3) Heat treatment, tempering, or kiln firing of any metal or other materials:

(4) Gas or electric arc welding;

(5) Repair or servicing of any vehicle;

(6) Caustic or explosive materials;

(b) Chemical or combined chemical-physical laboratories involving caustic or explosive chemical or hot liquids or solids; shall be required to wear industrial quality eye protective devices at all times while participating in such courses or laboratories. Any such school may furnish such devices for students and teachers, and may furnish such equipment for all visitors to such classrooms or laboratories. Any such school may purchase such devices in large quantities and sell them at cost to students and teachers. The phrase "industrial quality eye protective devices," as used in this section, means devices meeting the standards of the American Standard Safety Code for Head, Eye, and Respiratory Protection, Z 2.1-1959, promulgated by the American Standards Association, Incorporated, as amended from time to time.

90. Driver education—Motor Vehicles.

(1) The county boards of education shall offer instruction in the safe operation of motor vehicles to high school students who are at least fifteen years of age; such instruction shall be in accordance with the provisions in Article 66 $\frac{1}{2}$ of the Annotated Code of Maryland.

(2) Each county board of education shall determine whether such course shall be an elective or a required course.

(3) The State Board of Education shall determine what credit, if any, shall be allowed to successful students of such courses.

(4) The automotive vehicles used for such instruction shall bear some identification as prescribed by the Department of Motor Vehicles.

(5) The actual driving instruction shall be conducted, if practicable, on private or public property removed from State roads.

(6) The principal of each school offering such course shall so arrange the time set aside for actual driving instruction as not to interfere with other school work.

91. Fire drills.

The State Superintendent of Schools shall require the superintendent of schools of every county and Baltimore City to conduct at least ten (10) times during every school year, and at least once every 60 days at every public school in the counties or Baltimore City under the jurisdiction of the superintendent thereof, a fire drill. Adequate records of such drills shall be kept and copies forwarded to the county or city superintendent of schools.

92. Compulsory Attendance.

(a) Who must attend—Every child between six and sixteen years of age residing in the State shall attend some public school regularly during the entire period of each school year, unless it can be shown
