

approval by the Court of Appeals. The Court of Appeals may from time to time adopt rules governing the provisions and the operation of the plans formulated under this Article.

(b) Among other things, such juror selection plan shall—

(i) either designate a jury commissioner, or authorize the clerk of the court, to manage the jury selection process. If a jury commissioner is designated, the manner of appointment shall be established by the plan and his compensation shall be set by law. The clerk or the jury commissioner, as the case may be, shall act under the supervision and control of the chief judge of the Supreme Bench of Baltimore City, the Administrative Judge of the Circuit Court for the county, or such other judge of the Supreme Bench of Baltimore City or of the court as the plan may provide. Such judge is hereinafter referred to as "the jury judge;"

(ii) specify detailed procedures to be followed by the jury commissioner or clerk in selecting names from the voter registration lists ~~specified in section 2.~~ OR FROM OTHER SOURCES AS MAY BE NECESSARY TO CARRY OUT THE POLICY OF SECTIONS 1 AND 2 OF THIS ARTICLE. These procedures shall be designed to ensure the random selection of a fair cross section of the citizens of this State residing in the county wherein the court convenes or in Baltimore City if the court convenes therein; INCLUDING THE USE OF A CITY, WHICH MAY INCLUDE THE USE OF A PROPERLY PROGRAMMED ELECTRONIC DATA PROCESSING SYSTEM OR DEVICE;

(iii) provide for a master jury wheel (or a device similar in purpose and function, INCLUDING THE USE OF A PROPERLY PROGRAMMED ELECTRONIC DATA PROCESSING SYSTEM OR DEVICE) into which the names of those randomly selected shall be placed. The plan shall fix a minimum number of names to be placed initially in the master jury wheel, which shall be at least one-half of 1 per centum of the total number of persons on the lists used as a source of names for the county or Baltimore City; but if this number of names is believed to be cumbersome and unnecessary or inadequate, the plan may fix a smaller or greater number of names to be placed in the master wheel, but in all cases the number shall be at least two hundred. The jury judge may order additional randomly selected names to be placed in the master jury wheel from time to time as necessary. The plan shall provide for periodic emptying and refilling of the master jury wheel at specified times and shall ensure that such periodic refilling shall place in the master jury wheel names from voter registration lists used in the general election last preceding the time of refilling;

(iv) fix the time the names drawn from the qualified jury wheel shall be disclosed to the parties and to the public. Notwithstanding any other provision of law or this act, the name, address, age, sex, occupation, occupation of spouse, and education of each person whose name is drawn from the qualified jury wheel shall be made public, unless the jury judge shall determine in any case that the interest of justice requires that this information shall remain confidential;

(v) determine the method for allocating the names drawn from the qualified jury wheel between the grand and petit juries;
