

Under this Bill, as of July 1, 1969, all monies collected by certain State agencies, instead of being used to support the operations of those particular agencies, are to become general funds of the State. The Bill further provides that the operations of the agencies involved shall be financed only pursuant to appropriations made in the State budget.

However, in the budget enacted for the fiscal year beginning July 1, 1969, appropriations were not made to support the operations of these agencies. Consequently, if House Bill 928 is signed, the agencies involved will lose their financial support from special funds but will receive no monies from general funds to replace the lost financial support. For this reason, it is necessary that House Bill 928 be vetoed.

Sincerely,

/s/ Marvin Mandel,
Governor.
