

§ 3-806. *Registration fees for single unit commercial motor vehicles (two or more axles) (Class E. Pneumatic Tires).*

(a) *Except as hereinafter provided, single unit commercial motor vehicles with two or more axles shall pay a registration fee based upon shipping weight of the chassis and battery as certified by the manufacturer, with gross weight limitations for the vehicle and load, as follows:*

<i>Chassis Weight in Pounds</i>	<i>Maximum Gross Weight Limit</i>	<i>Fee</i>
<i>Less than 2,500</i>	<i>10,000</i>	<i>\$ 30.00</i>
<i>2,501 to 4,000</i>	<i>17,000</i>	<i>45.00</i>
<i>4,001 to 5,000</i>	<i>20,000</i>	<i>70.00</i>
<i>5,001 to 6,000</i>	<i>25,000</i>	<i>130.00</i>
<i>6,001 to 7,500</i>	<i>32,000</i>	<i>180.00</i>
<i>7,501 to 9,000</i>	<i>35,000</i>	<i>235.00</i>
<i>Over 9,001</i>	<i>55,000</i>	<i>335.00</i>

These vehicles shall be known as Class E vehicles.

(b) *Notwithstanding subsection (a) any truck having $\frac{3}{4}$ ton manufacturer's rating capacity and under shall pay a fee of \$25.00.*

(c) *The department shall issue registrations to be known as "dump service registration" providing for a gross weight of vehicle and load of not more than 40,000 pounds for two axle vehicles nor more than 65,000 pounds for three or more axle vehicles, upon application therefor and certification by the applicant that the vehicle for which registration is sought is a dump truck for the hauling of loose materials in bulk or a truck used for the hauling of feeds in bulk. For the purposes of this subsection a dump truck shall be defined as a single unit commercial motor vehicle designed for the transportation of property where the cargo being carried by the vehicle is discharged by self-unloading means either by gravity or mechanical means. The department may issue registration plates hereafter issued of this class so as to distinguish their character and shall in any event be required to stamp registration cards issued pursuant to the application with the words "dump service" to indicate the specific character thereof. An applicant for dump service registration shall pay therefor on each vehicle at the rate of \$13.00 per thousand pounds of gross weight of vehicles and load and in no event less than \$520.00 per vehicle. Except when operating on divided highways of two or more lanes in each direction and except when not loaded, vehicles so registered shall at no time be operated at a rate of speed in excess of 35 miles per hour and the fixing of this maximum limitation shall not be deemed to enlarge or increase any lesser speed limits fixed by any other law, ordinance, rule, or regulation. Vehicles so registered which are not subject to the 35 miles per hour maximum speed limit shall be governed by speed limits as set forth elsewhere in this article. Vehicles having a dump service registration and being operated for the hauling of loose materials in bulk within a radius of not more than one hundred (100) miles of the point of pickup and delivery shall not be subject to any restrictions of this article pertaining to weight of vehicle, weight of vehicle and load however determined, and/or axle loads, except only that at all times such vehicles shall be limited as to gross weight by the allowable and paid registration weight, but if at a point beyond the herein authorized one hundred (100) mile radius or hauling materials other than loose materials in bulk, shall be subject to all of the applicable restrictions of this article.*
