

§ 11-1117. *Skidding, spinning of wheels, and excessive noise prohibited.*

No person shall operate a motor vehicle on or off a highway in any intentional improper manner so as to cause skidding, spinning of wheels, or excessive noise.

§ 11-1118. *School bus regulations.*

(a) No person, other than the driver or fuel station attendant, shall occupy or be on or within any school bus while fuel is being supplied to the bus.

(b) The driver of a school bus shall be in full charge of the bus and the pupils, except in the presence of a teacher.

(c) No school bus shall be permitted to carry standing pupils in excess of one pupil per each area of the aisle which is bounded on both sides by forward facing seats.

(d) No pupil on any school bus shall be permitted to stand in any school bus equipped only with lengthwise or a combination of lengthwise and forward-facing seats.

(e) No pupil on any school bus shall be permitted to stand in front of the stanchion and guard rail.

(f) No pupil on any school bus shall be permitted to operate the front door opening mechanism except in times of actual emergency.

(g) No person driving a school bus shall drive it so as to enter any roadway without stopping and ascertaining there is no danger from other vehicles.

§ 11-1119. *Travel on snow emergency routes.*

After a snow emergency has been declared, no person shall drive or attempt to drive a vehicle upon any designated and appropriately sign posted snow emergency route unless the vehicle is equipped with chains or unless both driving wheels are equipped with snow tires.

§ 11-1120. *Testing of trucks on state highways.*

No person whether the owner of a truck, the person in charge and control over the same, or employee or agent of the owner shall use State highways within this State for the purpose of testing, either for durability, speed, fuel consumption, or otherwise, the vehicle without first obtaining from the State Roads Commission a permit therefor. The State Roads Commission may issue a permit provided in its judgment the roads over which the test will be conducted will not be unduly damaged, or that the safety of the traveling public will not be materially adversely affected by such test. The State Roads Commission shall designate in the permit the route, the day, and the hour the tests shall be conducted. The commission may impose additional regulations and limitations consistent with the best interest of the safety of the traveling public and the continued durability of the highways under its jurisdiction. A permit fee of \$25.00 for each vehicle shall be charged for each permit. Any vehicle, the person in charge and control thereof, or employee or
