

(c) *No person shall use upon any motor vehicle, trailer, semitrailer, or pole trailer any lamp or reflector which tends to change the original design or performance, unless the lamp or reflector is of a type which has been approved by the commissioner, and is mounted, adjusted, and aimed in accordance with rules and regulations prescribed by the commissioner.*

§ 12-231. *Omitted.*

§ 12-232. *Revocation of certificate of approval on lighting devices.*

(a) *When the commissioner has reason to believe that an approved device as being sold commercially does not comply with the requirements of this subtitle, after giving 30 days' previous notice to the person holding the certificate of approval for such device in this State, he may conduct a hearing upon the question of compliance of the approved device. After the hearing the commissioner shall determine whether the approved device meets the requirements of this subtitle. If the device does not meet the requirements of this subtitle he shall give notice to the person holding the certificate of approval for the device in this State.*

(b) *If at the expiration of 90 days after the notice the person holding the certificate of approval for the device has failed to satisfy the commissioner that the approved device as thereafter to be sold meets the requirements of this subtitle, the commissioner shall suspend or revoke the approval issued therefor until or unless the device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this subtitle, and may require that all the devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this subtitle. The commissioner may at the time of the retest purchase in the open market and submit to the testing agency one or more sets of the approved devices, and if the device upon such retest fails to meet the requirements of this subtitle, the commissioner may refuse to renew the certificate of approval of the device.*

Part III—Brakes

§ 12-301. *Brake equipment required.*

(a) *Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicles, operating upon a highway within this State shall be equipped with brakes in compliance with the requirements of this subtitle. All the vehicles and combinations of vehicles shall be equipped with service brakes complying with the performance requirements of section 12-302 and adequate to control the movement of and to stop and hold the vehicle under all conditions of loading, and on any grade incident to its operation.*

(b) *Parking brakes—adequacy—All the vehicles and combinations of vehicles, except motorcycles, shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means.*
