If in his opinion the applicant or any other person has violated any of the terms of his license, this ordinance, or any regulations passed pursuant thereto, then the County Health Officer shall inform the violator in writing of the nuisance or hazard that exists, and allow him reasonable time to correct the violations. If the violator fails to make the necessary corrections, then the Department of Inspections and Permits shall have authority to revoke any license issued pursuant to this ordinance. In addition, the Health Officer or his agents shall report any violations of this ordinance to the State's Attorney's Office and any other violations to the County Solicitor's Office for appropriate action.
