

(c) Master Electrician—Limited

(1) In order to qualify for such license, the applicant must submit to the Board, the name of the representative ~~or~~ AND alternate, if any, under whom the work is to be done or supervised, and prove to the satisfaction of the Board that the representative ~~or~~ AND alternate, if any, has worked under the direction or supervision of a qualified person for at least two (2) years, or equivalent, and must successfully pass an examination as to his qualifications as hereinafter provided.

3.306—Applicants and Examinations

(a) A person acting in his own behalf, or as an agent of a firm, company, corporation or partnership, who desires to enter into, or engage in the business of electrical contracting or certain restricted/limited types of electrical installations or repairs, as provided for by this Act, may at any time make application to the Bureau of Inspections, Licenses and Permits to be examined and the Bureau shall provide the applicant with the prescribed forms.

(b) Applicants shall possess and meet the following requirements which are prerequisite to examination:

(1) An applicant for a "Master Electrician's License" shall have been regularly and principally employed or engaged in the profession or business of electrical construction, maintenance, installation, repair or design of all types of electrical equipment and apparatus, all coming within the purview of and subject to all provisions of this Act, for such period of time as otherwise specified in this Act.

(2) An applicant for a "Master Electrician—Restricted License" shall pass the examination of the Board as to his qualifications and knowledge of the field or fields of the particular specialty in which he requests a license. An applicant may be licensed hereunder for any two of a particular type of electrical installation or repairs as defined herein and for which he shall be found qualified by the Board. The type of restricted licenses shall be set forth in regulations of the Board.

(3) An applicant for a "Master Electrician—General, Restricted, or Limited License" shall furnish such information as shall be required on an application form approved by the Board as to his character references, and his experience, training, and education in the profession or business of electrical construction or maintenance, installation, repair or design of all types of electrical equipment and apparatus, or of the particular type of installation for which a restricted/limited license is requested, all coming within the purview of and subject to all provisions of this Act.

(c) The application of a firm or corporation shall be made on a form supplied by the Board, signed in the name of the applicant, by an executive officer or plant manager, and shall set forth the name and qualifications of the employee or employees whose employment entitles the applicant to receive the type of license applied for and under whose supervision all electrical work to be done for the applicant will be performed.

(1) All applications shall be subscribed to under oath.

(2) The applicant must be 21 years of age or older.

(3) Every individual applicant for a Master Electrician—General, Master Electrician—Limited, or a Master Electrician—Restricted License shall submit to an examination.
