

(c) 1 (v) Require the installation of community water supply **[or]**, sewerage or solid waste disposal systems and the connection of all premises thereto or the service of all premises thereby if such systems are reasonably necessary giving due consideration to such factors as are set forth in paragraph 1 (iv) of this subsection. Such systems shall be designed so as to permit connection to a larger system at such time as the larger system becomes available;

(c) 1 (vii) Permit the providing of solid waste acceptance facilities without a systematic collection and transportation system in areas where a solid waste disposal system is neither available nor required to be installed under paragraph 1 (v).

(c) 1 **[(vii)]** (viii) Require the Department, prior to its decision, to submit the county plan or amendment or ~~revisions~~ REVISION thereof to the Department of Water Resources which shall advise the Department of matters pertaining to water allocation, adequacy of industrial waste treatment and the effect of proposed withdrawals and waste discharges on waters of the State.

(c) 1 **[(viii)]** (ix) Authorize the Department to approve or disapprove county plans submitted in accordance with this section. The Department may approve a county plan in part, provided that the part approved includes all of the required elements for such plan. When a county plan is disapproved in whole or in part, the Department shall notify the county in writing, setting forth the reasons for such disapproval.

(d) (2) After nine months following the submission of a county plan, amendment, or revision thereof, no community water supply **[or]**, sewerage or solid waste disposal system, or individual water supply or individual sewerage system or solid waste acceptance facility may be installed or extended in any geographic area to which said county plan, amendment, or revision thereof relates, unless it is in accordance therewith.

(d) (3) No State or local authority empowered to grant building permits or to approve subdivision plans, maps, or plats, shall grant any such permit or record or approve any such plan, map, or plat which provides for individual or community water supply or sewerage systems or for solid waste acceptance facilities, unless such systems or facilities are found to be in conformance with the county plan, amendments or revisions thereof.

(d) (4) Applicants for building permits or subdivision approvals, or community water supply or sewerage systems construction approval or solid waste acceptance facility construction approval, shall submit to the approving authority such information in such form as may be reasonably necessary and required, to show compliance with paragraph 3 of this subsection.

SEC. 2. *And be it further enacted*, That if any provisions of this Act or the application thereof to any person or circumstance is held invalid for any reason, such invalidity shall not affect the other provisions or any other application of this Act which can be given effect without the invalid provision or application, and to this end, all the provisions of this Act are hereby declared to be severable.
