Article III

Interstate Educational Personnel Contracts

1. The designated State official of a party State may make one or more contracts on behalf of his State with one or more other party States providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the States whose designated state officials enter into it, and the subdivisions of those States, with the same force and effect as if incorporated in this Agreement. A designated state official may enter into a contract pursuant to this Article only with States in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own State.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating State in qualifying educational personnel for acceptance by a receiving State.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.
