This practice shall include the design of such tangible objects and features as are incidental and necessary to the purposes outlined herein AND AS MAY BE PRESCRIBED BY LOCAL OR STATE AUTHORITIES but shall not include the design of structures or facilities with separate and self-contained purposes such as are ordinarily included in the practice of engineering or architecture; and shall not include the making of land surveys or final plats for official approval or recordation. Nothing contained herein shall preclude a duly licensed landscape architect from performing any of the services described in the first sentence of this subsection in connection with the settings, approaches or environment for buildings, structures, or facilities. Nothing contained in this subtitle shall be construed as authorizing a landscape architect to engage in the practice of architecture, engineering, or land surveying as these terms are defined in this Article, and any other applicable sections of this Code.*

272. *Landscape Architecture License Required.*

*In order to safeguard public welfare, health and property and to promote public good, any person practicing or offering to practice landscape architecture, privately or in public service, shall be required to submit evidence that he is qualified to practice and shall become registered as hereinafter provided. It shall be unlawful for any person to practice landscape architecture or to use the term or title "Landscape Architect" unless duly licensed under the provisions of this subtitle.*

273. *Requirements for License.*

*For licensing as a landscape architect, evidence must be submitted that the applicant:*

(1) *Is at least twenty-one years of age;*

(2) *Has, before admission to the examination, completed the course of study in and been graduated from a college or school of landscape architecture approved by the Board. He shall also submit before admission to the examination evidence of actual practical experience in landscape architectural work of a grade and character satisfactory to the Board. Each complete year of study in such approved college or school of landscape architecture may be accepted in lieu of one year of such experience, and the applicant must submit evidence of sufficient additional acceptable experience to total six years of combined education and experience. In lieu of graduation from an ~~accredited~~ APPROVED college or school of landscape architecture, and the practical experience in addition thereto, an applicant may be admitted to the examination upon presenting evidence of at least eight years of actual, practical experience in landscape architectural work of a grade and character satisfactory to the Board.*
