

number of years of his *creditable* service [since he last became a member; and]

*If, at retirement, said member has been an appointed department head for at least two years he shall receive, in lieu of the service allowance set forth above, a service retirement allowance which shall consist of:*

(1) *An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement;*

(2) *A pension which, together with his annuity, shall provide a total allowance equal to one-fortieth of his average final compensation multiplied by the number of years of his creditable service.*

[(3) If he has a prior service certificate in full force and effect an additional pension which shall be equal to one-sixtieth of his average final compensation multiplied by the number of years of service certified on his prior service certificate; and]

[(4) If he has credit for membership service rendered prior to January 1, 1961, an additional pension equal to the difference between one one-hundred-twentieth and one one-hundred-fortieth of average final compensation multiplied by the number of years of such service.]

(b) Upon retirement for service after attaining age sixty, a Group 1, Group 2 or Group 3 member who was a member on December 31, 1960, and did not elect to make the increased contributions in accordance with section 20-55 of this Code shall receive a service retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement;

(2) A pension which, *together with his annuity*, shall provide a *total allowance equal to one-sixtieth* [be equal to one one-hundred-thirtieth] of his average final compensation multiplied by the number of years of his creditable service [since he last became a member; and]

[(3) If he has a prior service certificate in full force and effect an additional pension which shall be equal to one-sixty-fifth of his average final compensation multiplied by the number of years of service certified on his prior service certificate; and]

[(4) An additional pension equal to the difference between one one-hundred-thirtieth and one one-hundred-fortieth of average final compensation multiplied by the number of years of membership service prior to January 1, 1961.]

(d) Upon retirement for service before the attainment of his normal service retirement age, a member shall receive an [annuity] allowance which shall be [the actuarial equivalent of his] a *service retirement allowance* [accumulated contributions at the time of re-
