SEC. 2. Section 22-37, Chapter 22, titled "Sewers, Sewage Disposal and Drainage," of the Montgomery County Code 1965, is hereby repealed and re-enacted, with amendments, to read as follows:

22-37. Authority of Council to create districts by law; administration.

The County Council is hereby authorized, by law from time to time or any time, to create a storm drainage district or districts, or subdistricts within Montgomery County whenever, in its opinion, the public health, welfare or convenience of the County so requires, and to provide in such law the taxes to be levied or benefit assessments to be made, and all other matters relating to the financing, construction and maintenance of storm drainage projects within such district or sub-district. All such districts so proposed by the Council shall be administered by the County Executive who shall have the authority to promulgate, pursuant to the procedure prescribed by law, reasonable regulations for the implementation and administration of such districts.
