

SEC. 2. Article II, Chapter 83, title "Electricity," of the Montgomery County Code 1965, as amended, is hereby repealed and re-enacted, with amendments, to read as follows:

ARTICLE II. Electrical Contractor's License

Division 1. Generally

83-8. Definitions.

As used in this Article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

BOARD. The term "board" shall mean the Board of Electrical Examiners created by this Article.

BUSINESS LICENSE. The license granted by Montgomery County which authorizes the licensee to engage in business as an Electrical Contractor in Montgomery County.

DIRECTOR. The term "director" shall mean the Director of the Department of Inspection and Licenses.

ELECTRICAL CONTRACTOR. A person, firm, company, corporation or partnership principally engaged in the business of installing, repairing, maintaining, erecting and designing electrical wiring, equipment, apparatus and systems designed for using or conducting electrical current and coming within the purview of the Electrical Code to whom a valid business license has been issued.

ELECTRICAL EQUIPMENT. The term "electrical equipment" shall include electrical conductors, raceways, wiring fittings, devices, appliances, fixtures, apparatus, and any other equipment coming within the purview of the Montgomery County and National Electrical Codes.

ELECTRICAL CODE. The term "Electrical Code" shall include the Montgomery County Electrical Code and the National Electrical Code as adopted and amended by this Chapter.

ENGAGED IN BUSINESS. A person, firm, company, corporation or partnership holding itself out to the public to furnish, install, repair or maintain under verbal or written contract, electrical equipment. One so engaged shall be considered an electrical contractor requiring a business license under this Article. Such a contractor, if licensed as a master electrician or master electrician limited, may perform such work himself or it may be performed by one or more of his employees under such supervision as may be required by the electrical code.

INSTALL, REPAIR OR MAINTAIN. The term "install, repair or maintain" shall include all installations, repairs or maintenance of any or all electrical equipment or circuits, or any parts thereof, including new work, alterations, renewals or extensions coming within the purview of this Chapter and the electrical code.
