

under the personal supervision of, the master electrician or master electrician limited designated on such business license as responsible for the work performed thereunder.

(d) No master electrician or master electrician limited shall be responsible for the work of more than one electrical contractor.

(e) Nothing herein shall preclude an electrical contractor from having more than one master electrician or master electrician limited in his employ.

83-10. Licensing Procedure and Fees; Issuance.

(a) Business license.

1. Any person who, or any firm, company, corporation or partnership which desires to enter into or engage in the business of electrical contracting to install, repair or maintain electrical equipment may at any time make application for a business license to the Director who shall provide the applicant with the prescribed forms.

2. A business license may be issued to an applicant as herein required, provided that such applicant (i) is licensed as a master electrician or a master electrician limited; or (ii) shall have a master electrician or master electrician limited as a partner or officer in the partnership, firm, company or corporation who is actively engaged in and responsible for the work performed; or (iii) shall have in his employ a master electrician or master electrician limited who shall supervise and be responsible for the performance of all work performed under such business license.

3. An applicant for a business license shall furnish, on a form approved by the Board, the name, address and license number of the master electrician or master electrician limited who shall be responsible for the electrical work to be performed under the business license and such other information as may be required as to character references and financial responsibility.

(b) Master electrician's license and master electrician limited license.

1. Any person who desires to install, repair, maintain, erect or design electrical equipment as a master electrician or master electrician limited, as defined by this Article, may at any time make application to the Director to be examined and the Director shall provide the applicant with the prescribed forms.

2. Applicants shall possess and meet the following requirements which shall be prerequisite to examination:

(i) An applicant for examination for master electrician's license shall have been regularly and principally employed or engaged in the profession or business of electrical construction, maintenance,
