

(d) To maintain the cleanliness of decks, surfaces, bath houses and other associated facilities ;

(e) To assure performance of equipment and fixtures in the manner for which they were intended ;

(f) To provide for the personal hygiene of the bathers ; and

(g) All permittees and licensees shall follow material and methods specifications, inspection procedures and maintain such records of operation as provided by the State Department of Health and Mental Hygiene regulations and further set forth in the Manual on Public Swimming Pool Operations as such manual may be issued by the County Executive.

105-8. Personnel standards—Lifeguards and Operator.

(a) Every public swimming pool shall be in the immediate control of an operator in possession of a valid swimming pool operator's license from the approving authority.

(b) It shall be unlawful for any person to operate or conduct a public swimming pool unless at least one lifeguard is present on deck when the public swimming pool is open for use. The approving authority may require additional lifeguards to be on deck at any public swimming pool, upon a finding that the pool is inadequately guarded due to :

1. The number of bathers using the pool, or
2. Shape, dimensions and layout of the pool, or
3. The existence of obstructions to vision, or
4. Capabilities of the bathers using the pool.

(c) A person may fulfill the function of both lifeguard and operator, when such duplication can be accomplished without adversely affecting the safety and operational standards. In acting as a lifeguard, such person shall be on deck and observing the pool whenever any person is in the water and shall not leave such post for operating or other reasons without ascertaining that all persons are out of the water.

(d) Any person desiring to obtain a swimming pool operator's license shall apply to the approving authority on forms provided by it. Such application shall be accompanied by the fee as hereinafter provided and evidence of age and qualifications.

(e) The approving authority shall issue a swimming pool operator's license upon finding to its satisfaction that :

1. The applicant is 18 years of age or older unless this requirement is specifically waived by the approving authority upon proof of maturity, judgment, and responsibility to perform.
