CHAPTER 137
(House Bill 423)

AN ACT to authorize the issuance of bonds of the Washington Suburban Sanitary District in an aggregate principal amount not exceeding \$6,000,000 for paying the cost of storm water, surface drainage or flood control projects or systems in the Prince George's County portion of the District, including the payment of any portion of the costs of sanitary sewer or water supply facilities resulting from the construction or planned construction of such storm water, surface drainage or flood control systems, to authorize the issuance of notes in anticipation of the issuance of such bonds, and to provide for the payment of such bonds and notes and the interest thereon.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, (a) That, for the purpose of paying the cost of storm water, surface drainage or flood control projects or systems and carrying out the provisions of Chapter 526 of the Laws of Maryland of 1943, as amended by Chapter 917 of the Laws of Maryland of 1945, and Chapter 732 of the Laws of Maryland of 1947 with respect to storm water and surface drainage systems, including the cost of any engineering or other surveys of storm water, surface drainage or flood control needs in that portion of the Washington Suburban Sanitary District situated in Prince George's County, and for the purpose of paying for or towards the construction in that portion of the Washington Suburban Sanitary District of any storm water, surface drainage or flood control project or system which is the subject of an agreement between the Washington Suburban Sanitary Commission and another governmental or public authority, commission or agency pursuant to Chapter 228 of the Laws of Maryland of 1959 or any other law, the Washington Suburban Sanitary Commission is empowered to issue from time to time bonds of the Washington Suburban Sanitary District as hereinafter provided in an aggregate principal amount not exceeding six million dollars (\$6,000,000) which bonds shall be in addition to any bonds authorized to be issued under any other law for such purpose. The cost of such storm water, surface drainage or flood control projects or systems shall be deemed to include, in addition to all other items of cost, any portion of the costs of the design and construction of trunk sewers, sewage pumping stations and sewage disposal facilities and major water supply lines and reinforcing mains and other sanitary sewer and water supply facilities of the Washington Suburban Sanitary District which the Commission shall determine to have been or will be incurred on account of the construction or planned con-
