

[the aforesaid officers] *he* shall mark or tag in some conspicuous way all trees, vines, shrubs, plants or grains, infested with the aforesaid diseases, and shall give notice in writing to the owner or owners, tenants or persons in charge of such premises of the condition thereof, and thereupon if such person or persons so notified shall not within ten (10) days after the notification, destroy or treat the same in accordance with regulations and rules of said trustees, a copy of which will be sent on application to any person, then [said trustees] *the Secretary* shall [through their officers, assistants or employees,] destroy or treat all such trees, plants, vines, shrubs and grains, and the [State officers] *Secretary* shall [file] *prepare* a statement of the expenses of such destruction or treatment [with the trustees of said college,] and [said trustees] shall transmit [with a copy of such statement and account of such expenditure, [with the usual affidavit attached thereto to be made by the State officers] which shall be sufficient evidence to prove the claim, to the State's attorney of the county where the owner of such premises resides, and said attorney is directed to collect the same and account to the [trustees of the Maryland State College] *Secretary* of Agriculture therefor.

78. [State Entomologist or Pathologist] *Secretary* to inspect in every county once a year.

[It shall be the duty of said trustees to send the State Entomologist or the State Pathologist or their duly authorized assistants] *The Secretary of Agriculture* shall at least once a year [into each county of the State for the purpose of] determin[ing]e by inspection the healthfulness and general condition of the horticultural and agricultural interests *in each county of the State*.

79. Inspection of nurseries; destruction of diseased trees; vines, shrubs, etc.; certificates for selling or shipping.

[It is hereby also made the duty of the said board of trustees, through the State Entomologist and the State Pathologist or their duly authorized assistants, to] *The Secretary of Agriculture* shall inspect at least once in every six (6) months all nurseries of trees, vines, shrubs, and plants subject to the aforesaid insects or diseases within the State, and if found free, so far as can be determined by inspection, from the aforesaid insects or diseases to give to the owner or owners or persons in charge of said nurseries a certificate of inspection showing such nurseries or premises to be apparently free from such insects and diseases. If any of the aforesaid insects or diseases should be found in any nursery or orchard, or any premises within the State where nursery stock is grown, the [aforesaid officers] *Secretary* shall cause to be destroyed or treated such portion of such nursery stock or other trees or plants as in [their] his opinion may be necessary, and shall release all other nursery stock grown upon said premises, and issue a certificate of inspection to the owner or owners as herein provided for; and if such infested or diseased trees, vines, plants or shrubs be destroyed by the [aforesaid officers] *Secretary*, then the owner shall pay the cost thereof, and if he refuse to pay the same it shall be collected as prescribed in Section 77. No nurseryman, broker, agent, dealer or other person shall be permitted to sell, ship, send out, or give away, by mail, express, freight or otherwise, any trees, vines, shrubs, plants, buds or cuttings from any such nurseries or premises, without accompanying the same, with a copy of the said certificate printed upon a tag
