

JOINT RESOLUTIONS

(1) The feasibility of consolidating the historical and cultural agencies of the State under a unified division of government

(2) If such a unification is deemed advisable, the study should embrace a recommendation for the allocation of this form of government to a particular Department in the Executive Branch

(3) An analysis of the efficacy of the Civil Service or Merit System for State Employees in the agencies covered by the Division or Department of Historical and Cultural Affairs; and be it further

RESOLVED, That the committee report its findings and recommendations to the Legislative Council on or before October 1, 1973.

Approved May 21, 1973.

No. 39

(Senate Joint Resolution 28)

Senate Joint Resolution requesting the Harford County Health Planning Commission to conduct, in cooperation and coordination with appropriate State, regional and local agencies and organizations, a comprehensive and detailed study of all present health and medical services, personnel and facilities in Harford County, prepare a comprehensive health plan for Harford County together with any recommendations deemed appropriate for health and medical services, personnel and facilities to meet future needs and growth of the residents of Harford County, to request that the County Executive and County Council of Harford County furnish financial support, technical services, information and data to assist with the study and comprehensive health plan, and to provide that such plan and any recommendations, upon completion, be presented to the County Executive and County Council of Harford County.

WHEREAS, All of the residents of Harford County need and are entitled to both satisfactory and accessible health and medical services, personnel and facilities in order to ensure their well-being; and

WHEREAS, There are areas of Harford County where a shortage of satisfactory and accessible health and medical services, personnel and facilities exists which results in the residents of such areas experiencing considerable delay and inconvenience in obtaining such services, personnel and facilities and which, in time of emergency or infirmity, threatens their life and well-being; and

WHEREAS, There is a lack of any comprehensive study and planning for health and medical services, personnel and facilities in Harford County to furnish the necessary information and data to properly uncover and fulfill the needs for such satisfactory and accessible health and medical services, personnel and facilities throughout Harford County; and

WHEREAS, The Harford County Health Planning Commission has the authority to study and provide for comprehensive county planning for health and medical services, personnel and facilities and to do so in cooperation with other State and local agencies and organizations; now, therefore, be it
