

ANNE ARUNDEL COUNTY

structure is not made within [two years] ONE (1) YEAR after water service shall become available to such structure, the capital connection charge shall increase at the rate of ten per cent thereof for each year elapsing after the first until connection is applied for; provided, such total increase shall not exceed fifty per cent of the capital connection charge.

Section 17-606. Wastewater connection charge.

(b) The user connection charge shall be imposed with respect to every connection to the wastewater system of the county, which charge shall be [one] TWO hundred [fifty] SIXTEEN dollars (\$216.00) in the instance of single family dwelling units for installation of a six-inch sewer pipe, with appurtenances, from the wastewater main to the property line. [In all other instances] IF LARGER SIZE CONNECTIONS ARE NECESSARY, the user connection charge shall be [one hundred fifty dollars, plus twenty-five dollars for each inch by which the diameter of the connecting sewer line exceeds six inches] THE ACTUAL COST OF SUCH CONNECTION AS DETERMINED BY THE DEPARTMENT OF PUBLIC WORKS, BUT SUCH CHARGE SHALL NOT BE LESS THAN THE MINIMUM CHARGE.

(d) The capital connection charge for single family dwelling units shall be [four] FIVE hundred dollars (\$500.00). For each structure or group of structures containing more than one single family dwelling unit, including apartment houses, rental townhouses and mobile home parks containing spaces for more than one mobile home, the capital connection charge shall be two hundred forty dollars multiplied by the number of such units or spaces.

(e) The capital connection charge for properties used for commercial or industrial purposes, including motels and restaurants, shall be [four] FIVE hundred dollars (\$500.00) for each fourteen thousand five hundred square feet of property, or fraction thereof, so used.

(g) Except in the case of existing structures, the wastewater connection charge shall be paid in full at the time application for [service] CONNECTION is made. With respect to existing single family dwelling units, the user connection charge shall be paid in full upon the date application for connection is made,
