

COUNTY LOCAL LAWS

with the provisions of Subtitle 4, "Sanitary Landfills" of Title 11 of this Code.

(3) Such facility shall be surrounded by fencing and screening not less than six feet (6') in height.

(4) Said operation shall not encroach into the natural one hundred (100) year floodplain of any stream, tributary area, creek, river or natural water course.

(5) Plans and materials shall be submitted to show existing and finished grades, the general vicinity of fill collection, provisions for grading fill on a schedule basis, time of completion of the proposed fill, the proposed future use of the property, and computation of floodplain area.

(6) Only waste generated within the boundaries of Anne Arundel County shall be accepted as fill material.

(7) In addition to complying with the provisions of Subsections (1) through (6) inclusive, of this Section, sanitary landfills shall be permitted in RA - Agricultural Residential Districts and DD - Deferred Development Districts provided:

(a) Upon completion of the operation, the property shall be subject to a recreational or open space easement by the County.

(b) No building permit shall be issued for any structure not to be used for recreational purposes.

(c) The operation shall not accept hazardous waste (including, but not limited to, oil products, or pathogenic or [[combustible]] INCENDIARY material) as fill.

(D) ONLY COUNTY OPERATED SANITARY LANDFILLS SHALL BE PERMITTED.

SECTION 2. AND BE IT FURTHER ENACTED, That Sections 13-303.2, 13-304.1 (2) and 13-320.2 (a) of said Code, Title and Subtitle, Article III,
