TO: State Department of Legislative Reference

FROM: Prince George's County

Provided herewith is Council Bill 64-1972 which proposed an amendment to the Prince George's County Charter to change the legislative days applicable to the Council sessions in said County. The question was presented as Question A in the General Election held in Prince George's County on November 7, 1972. The result, as certified by the Board of Supervisors of Elections for Prince George's County on November 9, 1972, shows that Question A carried by a vote of 98,751 for and 22,131 against.

There is further appended hereto a Petition for Referendum to Amend Charter which would require a referendum on acts authorizing bond issues or pledging the County's full faith and credit to finance certain capital projects. The result of said election on said petition as certified aforesaid shows the amount of votes cast for the question to be 82,578 and against the question, 48,723.

The foregoing statement is intended to comply with the provisions of Article 25A, Section 7(d), these being the only referenda held during the immediately preceding year; and, there is no referendum pending actually or potentially but not yet held at the end of the year.
