

revisions thereto effective when officially published from time to time by the National Bureau of Standards; such specifications, tolerances and other technical requirements shall remain in effect unless modified or rescinded by regulation duly promulgated by the Superintendent, and the Superintendent may promulgate additional regulations and amend or rescind any effective regulation. For the purposes of this subtitle, apparatus shall be deemed to be correct when it conforms to all applicable requirements promulgated as specified in this section; other apparatus shall be deemed to be incorrect.

16.

The governing body of each town, city or county for which the appointment of a sealer IS permitted by § 13 of this subtitle shall procure at the expense of the town, city or county, as the case may be, such secondary standards of weight and measure and such additional equipment, to be used for the enforcement of the provisions of this subtitle in such town, city or county, as may be prescribed by the Superintendent; shall provide a suitable office for the sealer; shall make provision for the necessary clerical services, supplies and transportation, and for defraying contingent expenses, incident to the official activities of the sealer in carrying out the provisions of this subtitle. When the secondary standards of weight and measure required by this section to be provided by a town, city or county shall have been examined and approved by the Superintendent, they shall be the official standards for such town, city or county.

21.

The term "commodity in package form" as used in this subtitle shall be understood to mean commodity put up or packaged in any manner including barrels, bags, sacks, cartons, or other container, in advance of sale, so as to constitute a unit quantity of the commodity, for either wholesale or retail use. An individual item or lot of any commodity not in package form as defined in this section but on which there is marked a selling price based on an established price per unit of weight or of measure shall be construed to be commodity in package form. Where the term "package" is used in this [subsection] SECTION, it shall be construed to mean "commodity in package form" as herein defined.

26.

(a) All fluid dairy products, including but not limited to whole milk, skimmed milk, [cultural] CULTURED milk, sweet cream and buttermilk shall be packaged for retail sale only in units of 1 gill, 1/2 liquid pint, 10 fluid ounces, 1 liquid pint, 1 liquid quart, or multiples of 1 quart. Provided, that packages in units of less than 1 gill shall be permitted. Cottage cheese, sour cream and yogurt shall be sold in terms of weight. Sour cream shall be packaged for retail sale only in units of 4, 8, 12, 16, 32, 64, and 128 ounces avoirdupois and yogurt shall be packaged for retail sale only in units of 4, 5, 6, 8, 12, 16, 32, 64 and 128 ounces avoirdupois.

31.

When a vehicle delivers to an individual purchaser a commodity in bulk, and the commodity is sold in terms of weight units, the delivery shall be accompanied by a serially numbered and duplicate delivery ticket with the following information clearly stated, in ink or by means of other indelible marking equipment and, in clarity, equal to type or printing, (a) the date of issuance, (b) the name and address of the vendor, (c) the name and address of the purchaser, (d) the net weight of delivery expressed in pounds, (e) the complete identification of the commodity to include kind and size in the case of solid fuel and aggregate, (f) the complete signature and, if appropriate, the weighmaster license number of the person determining the quantity and issuing the delivery ticket, and (g) the license number
