

Subsection (e) (1) is new language derived from section 159(a). Subsection (e) (2) is derived from section 160 and subsection (e) (3) is derived from section 159(a).

Subsection (f) is new language derived from section 160 of the Code.

Subsections (g) and (h) are new language derived from section 159(f). The present statute seems to indicate that this is not permissible. The department, however, sees no rationale for this prohibition.

Subsection (i) paragraphs one through 13 presently appear as Article 66C, sections 158 and 158A, as enacted by Chapter 849, H.B. 1188, Acts of 1973. The only other changes made are in style.
