REVISOR'S NOTE: Subsections (a) and (b) presently appear as Article 66C, section 181(a) of the Code, and has been divided into subsections for the purpose of clarity. The word "metal" is proposed for deletion and "tag" is substituted therefor because of the practice of using cloth as well as metal tags.

The last two sentences of Article 66C, section 181(a) of the Code are proposed for deletion because they appear as new language in proposed section 10-905.

Subsection (c) is new language derived from the last sentence of Article 66C, section 184(d) of the Code.

The only other changes made are in style.
