

Subsection (b) is new language derived from the first sentence of Art. 43, §197-18(a) of the Code. A reference to "business" is added for the convenience of the Code user although the definition of "person" set forth in present §197-4(b) and in §1-101(f) would include any business regulated by this subtitle.

Subsection (c) is new language derived from Art. 43, §197-18(k) of the Code.

Subsection (d) presently appears as Art. 43, §197-18(c) of the Code. The present reference to "the Circuit Court for Baltimore City" is proposed for deletion and "Baltimore City Court" is substituted because the Administrative Procedure Act, Art. 41, §255, provides that in Baltimore City all appeals from administrative decisions are to this court. New language is added to indicate the locus of the court where a petition is filed. The last sentence is proposed for deletion because it duplicates the provisions of the Administrative Procedure Act, Art. 41, §255 of the Code.

The only other changes made are in style.
