REVISOR'S NOTE: Subsections (a) and (b) presently appear as Art. 48, §74(a) of the Code. The present reference to "airplane" is proposed for deletion throughout this section and "aircraft" is substituted in order to include helicopters. The Random House Dictionary of the English Language defines airplane as having fixed wings and thus this definition does not include helicopters. Subsection (c) is new language derived from Art. 48, §74(b) of the Code. Subsection (d) presently appears as Art. 48, §74(c) of the Code. Subsection (e) presently appears as Art. 48, §74(d) of the Code.

The present reference to "individual, corporation, municipality, or county" is proposed for deletion and "person" is substituted in light of the definition of "person" set forth in §1-101(f) of this Article. The present reference to "free account" is proposed for deletion and a reference to "open account" is substituted. According to the Office of the Comptroller free account is a term used for what is commonly known as an open account; that is, an account that is open to future adjustment or liquidation.

The only other changes made are in style.
