

Authority is proposed for deletion and "eight" is substituted because the Authority now has eight members. New language is added to indicate that a member serves until his successor is selected and "qualifies" because a person who is selected may not be a bona fide member unless he qualifies for the position. The provision for staggered terms of the original members is proposed for deletion as obsolete.

In subsection (c) the present provision which requires new appointees to have qualifications similar to those of the next previous incumbent when "appointment is made to fill a vacancy for an expired term" is proposed for deletion because this requirement should relate to persons chosen to fill an unexpired term as well as expired terms.

The only other changes made are in style.
