

requires any "individual, firm, corporation, or association" to obtain a license is omitted in light of the definition of "person" in §1-101(f). The provisions of Art. 48, §66(a), (b) and (c) prohibiting any person engaging in the designated business without a license is omitted because it is unnecessary. This section requires certain persons to obtain licenses; the uniform penalty provision of this Article provides that any person who violates any provision of this Article is guilty of a misdemeanor.

The reference in §66(h) to any "person who purchases any tobacco from a producer" is proposed for deletion in light of the definition of "transfer buyer" set forth in §7-101(k). New language is added to §7-209(a)(1) and (2) to codify the name of the licenses issued by the Authority.

The maximum fee for selling agency license, transfer buyer's license, and sales floor buyer's license is set forth here because this is the fee charged by the Authority. Subsection (d), however, provides that the Authority has the power to decrease the fee.

Subsection (b) presently appears as Art. 48, §66(f) of the Code. The last sentence is proposed for deletion as unnecessary.

Subsection (c) is new language derived from the last sentence of Art. 48, §66(b), and the second, third, and fifth sentences of Art. 48, §66(c).

Subsection (e) presently appears as Art. 48, §66(d) of the Code.

Subsection (f) presently appears as Art. 48, §66(e) of the Code.

The only other changes made are in style.
