The present reference to the provisions of present §13 relating to removal, discharge and reduction in pay and position is proposed for deletion because there are no such provisions in present §13. The present references to "sealer" and "deputy sealer" are proposed for deletion and "local inspector" and "deputy local inspector" are substituted for the reasons explained in the revisor's notes to §11-101 (e) and (f). New language is added by amendment to indicate that this section relates to "secondary" standards. The only other changes made are in style.
