

BASIS FOR PAYMENT OF MILK OR OTHER FLUID DAIRY PRODUCTS.

REVISOR'S NOTE: Subsections (a) and (b) presently appear as Art. 97, §86 of the Code. In subsection (a), the present reference to cooperative "association" is proposed for deletion because §11-401(b) defines this entity as a "cooperative". The present provision relating to the responsibility for records is proposed for deletion because it appears as new language in subsection (f).

In subsection (b), the last sentence is proposed for deletion as obsolete. This provision was added by Ch. 738, Acts of 1965, and apparently was intended to exempt persons licensed under the prior law from the licensing provision. Although the prior law, old Art. 43, §581, did not specifically provide for an annual renewal of permits, it is unlikely that any permit issued prior to 1965 is still valid.

Subsection (c) is new language derived from the first and fourth sentences of Art. 97, §87 of the Code.

Subsection (d) is new language derived from the second and third sentences of Art. 97, §87 of the Code.

Subsection (e) is new language derived from the fifth sentence of Art. 97, §87 of the Code.

The only other changes made are in style.
