REVISOR'S NOTE: This section presently appears as Article 66C, section 221(d) of the Code. The present language has been reorganized for clarity. The reference to license is clarified to specify angler's license since that is the type of license the section speaks of. Nomenclatural changes are made in light of Chapter 348, Acts of 1972.

Subsection (b) is new language. It revises the present language which precludes distribution of licenses to agents in quantities less than those already compiled in book form for supply. The reference to the type of angler's license for a resident 65 years or over is added for it exists as well and is distributed in booklets of 10.

The word "formal" is not used with "review"
