REVISOR'S NOTE: Subsection (a) presently appears as Article 66C, section 700(k) of the Code, as amended by Chapter 687, S.B. 489, Acts of 1973. The reference in the present statute to Lighthouse Lump is proposed for deletion because this point does not appear on any of the department's charts. The Fisheries Administration has indicated that Entrance Lumps is the actual point the statute was intended to designate. Likewise, under the "bar" is capitalized in the proposed subsection because it is a proper name of a point. The last provision of section 700(k) is proposed for deletion since its substance is set forth in subsection (c) of this section.

Subsection (b) presently appears as Article 66C, section 700(n) of the Code.
