REVISOR'S NOTE: This section is new language, repetitive of section 1-102 of this Article, yet conveniently restated here for the Code user interested only in the subject matter of this title.

By Chapter 348, Acts of 1972, the Department of Forest and Parks and the office of Director of that department were abolished. No new statute was enacted to establish a director of the Forest Service or the Park Service, both of which were created in lieu of the Department of Forest and Parks. See Title 8, section 9-201 for comparison wherein in the same chapter the Water Resources Administration was created and the position of director also was retained in the statute.

5-203. PARK SERVICE CREATED AND CONTINUED.

THE PARK SERVICE IS CREATED AND CONTINUED WITHIN THE DEPARTMENT.

REVISOR'S NOTE: See the revisor's note to the preceding section for an explanation of this section.
