

At the time of retirement as a judge in one of the listed courts, the member is eligible to receive benefits from both the retirement system and the Judges' Pension System. Upon retirement, no salaried State employee, judge, legislator, or executive official may receive benefits under more than one pension system for the same period of service.

14.

(2) (a) The Accumulation Fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by the State and from which shall be paid all retirement allowances and the lump sum death benefits payable from said contributions. Contributions to and payments from the Accumulation Fund shall be made as follows:

(b) On account of each member there shall be paid annually into the Accumulation Fund by the State for the preceding fiscal year an amount equal to a certain percentage of the annual earnable compensation of each member to be known as the "normal contribution," and an additional amount equal to a percentage of his annual earnable compensation to be known as the "accrued liability contribution." The rates per centum of such contributions shall be fixed on the basis of the liabilities of the retirement system as shown by actuarial valuation.

(c) On the basis of regular interest and of such mortality and other tables as shall be adopted by the board of trustees, the actuary engaged by the board to make each valuation required by this article during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new entrant, which is contributed on the basis of compensation of such new entrant throughout his entire period of active service would be sufficient to provide for the payment of any death benefit or pension payable on his account. The rate per centum so determined shall be known as the normal contribution rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable compensation of all members obtained by deducting from the total liabilities of the Accumulation Fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the board of trustees, and
