

stated in this section; but at least two such inspections shall be made in each year.

(b) Members of the Commission shall be appointed by the Board of County Commissioners of Washington County on the basis of their interest in or familiarity with one or more aspects of the work and purposes of the Commission and without regard to political affiliation.

The Commission shall at all times be composed of the following persons, a majority of whom shall be residents of Washington County: the owner of an orchard, the owner of a farm, and a person owning a business, or a majority interest in a business, in said county; a person who has in at least two deer hunting seasons prior to his appointment hunted deer in said county; and a person trained or educated in the practices and policies of wildlife conservation, employed by an agency administering conservation laws, or active in a non-profit organization whose primary purpose is the conservation of wild game. Members of the Commission shall serve for a term of one year from July 1 of each year and may be reappointed. Vacancies on the Commission shall be filled by the County Commissioners for the unexpired term.

(c) The Commission shall elect a president and secretary from among its members and make such rules and regulations concerning its operation and procedure as may be necessary from time to time. Three members of the Commission shall constitute a quorum thereof. At least once each year, the Commission shall file a concise report of its findings and recommendations with regard to its purposes as herein stated. Copies of such report shall be forwarded to the Governor, the County Commissioners of Washington County, the State Senator and Delegates from Washington County, and the Game and Inland Fish Commission.

(d) Members of the Commission shall receive no salary but shall be reimbursed by the County for such actual expenses as the County Commissioners shall find are reasonably necessary to accomplish the purpose of this section.

(e) The Commission is hereby authorized and empowered to request any departments or agencies of the State to make available to the Commission such reports, studies, statistics and other records as may be required by it in the performance of the duties prescribed in this section.

(f) Whenever the Game and Inland Fish Commission issues in excess of one permit for each deer killed
